MESSAGE *from the Director*

Work continues on the Town Common Accessible Playground project, possible through a generous grant from Trillium Health Resources. This fall we'll see a very special facility become reality, right there in "Greenville's Central Park."

Work also continues on the South Greenville Recreation Center. This long-needed project is finally underway and in the fall we'll open a NEW, totally renovated facility, and an aging, declining building (and its "un-air conditioned" gym) will be a thing of the past. The Pitt County School System is a project partner, and South Greenville Elementary students will continue using the gym for their physical education classes. It's a great partnership!

We are pleased that Public Works' construction on the westward extension of the Green Mill Run Greenway is underway. Completion is anticipated in early 2017. At that point, greenway users will be able to travel from Evans Street east to Elm Street Park then further east to Greensprings Park then north to the Tar River then west all the way to Town Common. (A subsequent westward phase will connect Town Common to Nash Street.)

You may be aware of planned improvements to Town Common and the Tar River. These improvements will certainly increase Greenville's quality of life but will also foster positive economic benefits. It's clear that when new start-up businesses - or businesses considering relocating -- choose a place to "set up shop," a community's image, recreational opportunities, and quality of life have a profound effect on their decision.

And don't forget: What people – young and old – choose to do with their free time will have a profound impact on their health and well-being. It is the goal of the GRPD to provide opportunities to our citizens to assure that impact is a positive one, and the pages of this brochure are filled with potential ways of doing just that. It is our menu, and we hope you'll take the time to review its pages and find some programs and events that might be of benefit to you and your family.

The word "recreation" is really "RE-creation," meaning "to re-create," "to make over," "to make better," "to refresh," "to renew," and we hope that as citizens choose to participate in our services, they'll find them truly "re-creational," coming away physically and mentally better than they would have been otherwise.

Thank you participants, park visitors, greenway users, volunteers, non-profit partners, event sponsors, and corporate donors for supporting the efforts of the GRPD. Enjoy the upcoming season, and please help us keep our parks and city clean!

Sincerely,

Gary Fenton, Director of Recreation & Parks
